Nightingale Health Plc's Annual General Meeting 17 November 2022

A. Instructions

Registration

The Annual General Meeting 2022 (the "General Meeting") of Nightingale Health Plc (the "Company") will be held on 17 November 2022 as a remote meeting in accordance with Chapter 5, Section 16, Subsection 3 of the Finnish Companies Act.

This form is used to register for the General Meeting.

A shareholder who is registered in the Company's shareholder's register maintained by Euroclear Finland Ltd on the record date of the General Meeting (eight business days before the General Meeting, i.e., on 7 November 2022) has the right to participate in the General Meeting. A shareholder whose shares are registered on his/her Finnish book-entry account is registered in the shareholders' register of the Company.

A shareholder registered in the Company's shareholders' register, who wishes to participate in the General Meeting, must register for the General Meeting by filling in the information required in section B. of this form and by signing and dating this form (the signature and date are entered on the last page of this form to section D.). Innovatics Ltd, the operator of the registration and advance voting service, registers my/our registration for the General Meeting based on the information filled in the form.

Advance voting

With this form, it is also possible to vote in advance on certain items on the agenda of the General Meeting. Voting in advance is done by filling in the advance voting table in section C. of this form regarding the items subject to the advance voting. Voting in advance is not mandatory, so the table may also be left blank.

A shareholder who votes in advance must also fill in the information required in section B. of this form and sign and date this form (section D.), even if the shareholder does not intend to participate in the General Meeting in real time.

The possibility of advance voting applies only to the shareholders of the Company's A- and B-share series. Based on Section 4 of Articles of Association of the Company, the shares of the EMP-share series do not carry the right to vote.

I/we understand that the possible advance voting by means of this form requires that the shareholder's shares have been registered in his/her Finnish book-entry account. The number of possible advance votes is confirmed based on the ownership in the book-entry account on the record date of the General Meeting.

Proving the right to represent the legal person

In case the shareholder is a legal person, the legal representative of the legal person or a person authorized by the legal person must provide necessary documents to prove the right to represent the legal person (for example trade register extract or board resolution). The documents are requested to be attached to this registration and advance voting form. If the documents are not submitted to Innovatics Ltd using the contact details stated below before the end of the registration and advance voting period, or they are otherwise incomplete, the legal person's right to participate in the General Meeting in real time may be denied and/or votes cast in advance may not be counted in the votes cast in the General Meeting.

The personal information will be stored in Innovatics Ltd's database for General Meetings for the Company's use, and the information will not be used for any other purposes or for any other general meetings.

Remote General Meeting

The General Meeting will be held as a remote meeting in accordance with Chapter 5, Section 16, Subsection 3 of the Finnish Companies Act, in which shareholders fully exercise their decision-making powers by the use of telecommunications and technical means during the General Meeting in real time. The remote meeting does not have a physical meeting venue which shareholders or their proxy representatives could attend in person.

The remote meeting shall be attended in real time through Inderes Plc's virtual general meeting service on the Videosync platform that includes a video and audio connection to the General Meeting.

The participation link and password needed for the real-time participation in the remote meeting will be sent by email and/or text message to the shareholder's email address and/or phone number provided in the table below in section B. on the day preceding the General Meeting at the latest. However, the shareholder may, for example, in a proxy document given to a proxy representative and delivered to Innovatics Ltd, specifically and clearly indicate to the Company and Innovatics Ltd that the participation link and password shall be delivered to the proxy representative's phone number and/or email address in lieu of the shareholder, in which case the participation link and password are not delivered to the shareholder.

C. Advance voting

Items subject to the advance voting at Nightingale Health Plc's Annual General Meeting 2022:

Innovatics Ltd shall register my/our votes with the shares I own/represent/we own in each of the items on the agenda of the Meeting as indicated with a cross (X) below.

- The option "For/Yes" means that the shareholder is in favor of approving the proposal for the item in question.
- The option "Against/No" means that the shareholder objects to the acceptance of the proposal for the item in question. By voting in advance, it is not possible to submit a counterproposal to the Meeting or demand a voting.
- The option "Abstain" means giving an empty vote, in which case the shares are considered to be represented in the General Meeting during the discussion of such item, which is meaningful e.g., in resolutions requiring qualified majority (e.g. agenda items 16 and 17). In qualified majority items, all shares represented at the General Meeting are taken into account and abstentions thus have the same effect as votes Against/No. Therefore, abstaining from voting affects the voting result. Shareholders should be aware of this, especially if giving a vote against the proposal is not their intention.

If no voting instructions have been indicated below, or if there are more than one voting instructions on the same item, or if other text or markings other than a cross (X) have been used to indicate a voting instruction, the item will be marked as "No action" when Innovatics Ltd registers the votes. This is considered a notification by the shareholder that his/her shares should not be taken into account as shares represented in the Meeting in the item in question for the advance voting. The shares represented by the shareholder are not considered shares represented at the Meeting and the votes are not counted as votes cast with regard to the item in question for the advance voting.

It is recommended that a Finnish book-entry account holder only votes in advance electronically at <https://nightingalehealth.com/investors/annual-general-meeting-2022/>. In a situation where the shareholder has voted in advance through multiple advance voting channels, e.g., both electronically and via this registration and advance voting form, or more than once through the same voting channel, the most recent voting instructions shall be deemed to cancel shareholder's previous voting instructions and Innovatics Ltd will register the most recent voting instruction.
